

75910002

IP20

Time transmitter RMD with hinged cover, with display, with integrated bus coupling unit, KNX, light grey

Technical features

Architecture

Fixing mode	REG
-------------	-----

Functions

With GPS	no
----------	----

Controls and indicators

- LCD display for commissioning

Connectivity

Bus system radio frequent	no
Bus system LON	no
Bus system Powernet	no

Voltage

Operating voltage over bus	21...32 V DC
----------------------------	--------------

Battery

Power reserve [years]	10 a
Lithium cell power reserve [years]	≈ 5

Dimensions

Depth	80 mm
Width of rail mounted device (RMD)	2 modules
Height	105 mm
Width	57 mm

Connection

- with integral bus coupling unit
- bus connection via connecting terminal

Settings

Supported configuration modes	system
-------------------------------	--------

Scope of delivery

Bus connection included	yes
Memory card included	no

Equipment

Number of weekly programs	1
---------------------------	---

Use

Differentiation characteristic 1 - Sales	with hinged cover
Differentiation characteristic 2 - Sales	with display
Differentiation characteristic 3 - Sales	with integrated bus coupling unit

Safety

Halogen free	no
--------------	----

Identification

Main design line	KNX
------------------	-----
