

75900068

Lead storage battery 12 V KNX

Technical features

Main electrical features

Rated voltage	12 V DC
---------------	---------

Endurance

Period of use [years]	≈ 5
-----------------------	-----

Capacity

Charging capacity	12 Ah
-------------------	-------

Dimensions

Depth	98 mm
-------	-------

Height	94 mm
--------	-------

Width	151 mm
-------	--------

Safety

Halogen free	no
--------------	----

Weight

Weight	≈ 4,2 kg
--------	----------

Identification

Application, usage	KNX - system units
--------------------	--------------------

Main design line	KNX
------------------	-----
