IP20

Touch sensor 1gang comfort with integral bus coupling unit, KNX - Berker R.3, glass black

With room temperature controller ye • for switch, push-button, dimmer and shutter functions • • Blocking function for sensor surface e.g. for cleaning the glass surface • Compatibility • • extension unit for light scene push-button • Controls and indicators • With LED indication ye • operation by gently touching the sensor surfaces on the white LED • Power • Current consumption 12,5 m. Measurement • • value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen • With display n Materials • Colour of design line glass blac Colour blac	Fixing mode	flush-mounting
for switch, push-button, dimmer and shutter functions Blocking function for sensor surface e.g. for cleaning the glass surface Compatibility extension unit for light scene push-button Controls and indicators With LED indication ye operation by gently touching the sensor surfaces on the white LED Power Current consumption 12,5 m. Measurement value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line glass blac Colour RAL colour RAL 2005 - Jet blac	Functions	
- Blocking function for sensor surface e.g. for cleaning the glass surface Compatibility - extension unit for light scene push-button Controls and indicators With LED indication ye - operation by gently touching the sensor surfaces on the white LED Power Current consumption 12,5 m. Measurement - value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line glass blac Colour grapt	With room temperature controller	yes
 extension unit for light scene push-button Controls and indicators With LED indication yee operation by gently touching the sensor surfaces on the white LED Power Current consumption 12,5 m. Measurement value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line glass blace Colour of design line glass blace RAL colour RAL 9005 - Jet blace 		
Controls and indicators With LED indication ye - operation by gently touching the sensor surfaces on the white LED Power Current consumption 12,5 m. Measurement - value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials glass blac Colour of design line glass blac Colour blac RAL colour RAL 9005 - Jet blac	Compatibility	
With LED indication ye - operation by gently touching the sensor surfaces on the white LED Power Current consumption 12,5 m. Measurement - value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line Colour glass blace Colour RAL goots - Jet blace	 extension unit for light scene push-button 	
 operation by gently touching the sensor surfaces on the white LED Power Current consumption 12,5 m. Measurement value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display Materials Colour of design line glass blac Colour Blac RAL colour RAL 9005 - Jet blac 	Controls and indicators	
Power Current consumption 12,5 m. Measurement - value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line glass blac Colour blac RAL colour RAL 9005 - Jet blac	With LED indication	yes
Current consumption 12,5 m. Measurement	- operation by gently touching the sensor surfaces on the white LED	
Measurement - value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line glass blac Colour blac RAL colour RAL 9005 - Jet blac	Power	
- value transmitter for dimming, position, brightness and temperature values 1 and 2 byte Screen With display n Materials Colour of design line Colour RAL colour RAL 9005 - Jet blac	Current consumption	12,5 mA
Screen With display n Materials Colour of design line glass blac Colour blac RAL colour RAL 9005 - Jet blac	Measurement	
With display n Materials Colour of design line glass blac Colour RAL colour RAL 9005 - Jet blac	- value transmitter for dimming, position, brightness and temperature value	es 1 and 2 byte
Materials Colour of design line glass blac Colour blac RAL colour RAL 9005 - Jet blac	Screen	
Colour of design line glass blac Colour RAL colour RAL 9005 - Jet blac	With display	nc

RAL colour RAL 9005 - Jet blac		glass black
	Colour of design line	
Material glas	Colour of design line Colour	black
	Colour of design line Colour RAL colour	black RAL 9005 - Jet black

Dimensions

Type of surface treatment

Depth	23 mm
Height	152 mm
Width	81 mm

LED control

with blue operation LED and 2 white status LEDs

Installation, mounting

Installation mode

for vertical mounting

Tampography

yes

no

Connection

- with integral bus coupling unit
- bus connection via connecting terminal

Scope of delivery

Bus connection included

Accessories included

Inscribable, with labelling field

- for additional products to complement the installation in matching colours/materials, refer to the Design platform R.1/R.3
- for suitable frames in the same "style" for additional applications, see the Design line R.x

Equipment

Number of actuation points	2
With anti-theft/dismantling protection	yes
Type of configuration	Laserdruck

Use

Safety

Protection index IP	IP20
Halogen free	no

Use conditions

Operating temperature -5...45 °C

- temperature measurement via internal temperature sensor or external communication object

- integrated temperature sensor for operation as controller extension unit

- additional connection for external temperature sensor

Identification

Application, usage	KNX - operating systems
Main design line	KNX - Berker R.3
Secondary design line(s)	KNX, Berker R.3
