

167802

**LED lamp E10 Light control, yellow**

Technical features

**Main electrical features**

|               |      |
|---------------|------|
| Rated current | 4 mA |
|---------------|------|

**Endurance**

|                                     |           |
|-------------------------------------|-----------|
| Service life¹ of LED white/coloured | ≈ 50000 h |
|-------------------------------------|-----------|

**Materials**

|                                    |        |
|------------------------------------|--------|
| Colour independent of design lines | yellow |
|------------------------------------|--------|

**LED control**

|     |                            |
|-----|----------------------------|
| LED | very long LED service life |
|-----|----------------------------|

**Use conditions**

|                       |             |
|-----------------------|-------------|
| Operating temperature | -40...70 °C |
|-----------------------|-------------|

**Identification**

|                          |                             |
|--------------------------|-----------------------------|
| Application, usage       | Light control               |
| Main design line         | Light control               |
| Secondary design line(s) | Module inserts, ACCESSORIES |
