

BERKER B.IQ

PRODUCT INFORMATION

B.

Berker the right way.

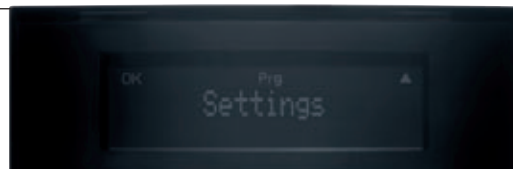

B.IQ – ALL FUNCTIONS EASILY TO CONTROL

In addition there are intelligent details such as the transparent label strip which can be removed without difficulty after a familiarization period. Or the “status LEDs” on the side which indicate currently active functions.

Display: Example for the basic indication

Display: Example for the settings menu

Clear text display for menu-guided programme navigation or display of selected settings. Display simultaneously acts as interactive switch in conjunction with the menu control

Transparent label strip for individual labelling. Lit by status LEDs on the side, removable

Available in three different materials

Push-button, simple to use, large operating surface, easy to control e.g. temperature, lightings or blinds

Striking blue operating LED

B.IQ – VERY EASY OPERATION OF INTELLIGENT HOUSES

Berker B.IQ makes intelligent houses easy to operate.

Up to five KNX/EIB operating controls can be combined in a single operating unit:

- Thermostat
- Display unit
- Push-button
- Timer clock
- Light scene push-button

Light scenarios and other applications involve no software – settings can be simply adjusted by house occupants whenever they want to.

B.IQ is a minimalist design through and through.

A frameless switch and a striking indicator light in the centre are perfectly enhanced by high quality materials:

- Stainless steel, brushed
- Glass, glossy
- Plastic, polar white, matt

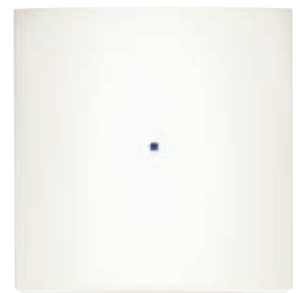

Push-button 1gang,

BERKER – THE RIGHT WAY.

Do you know how to design rooms with exceptional ease and with a more individual style?
At Berker we have been working on that since 1919 – and we have found some highly attractive answers.

Berker switches and systems are in use all over the world, making life more beautiful, easier and more comfortable. We place the utmost emphasis on quality, design and innovation. This is confirmed by the numerous awards we have received both at home and abroad.

Berker is a leading supplier of high-quality electrical installations – from timelessly classic switch design through to intelligent building management systems. All new developments are created with just one thing in mind: the satisfaction of our customers. After all, we want you to feel at home with our products for decades to come.

Don't just let your life be guided by taste, but also by state-of-the-art technology,
with Berker - the right way.
