SWITCH DESIGN WITH A LOVE OF DETAIL

Welcome to the world of Berker. What you have in your hands is the most compact overview of our switch and design programs. This will give you a first impression of what demands Berker has for quality, aesthetic, and innovation.

Many of the programs on the following pages already received international awards for their timeless classic design. Let yourself be inspired by our love of detail when you thumb through the following pages.

BERKER – THE RIGHT WAY.

Do you know how to design rooms with exceptional ease and with a more individual style? At Berker we have been working on that since 1919 – and we have found some highly attractive answers.

Berker switches and systems are in use all over the world, making life more beautiful, easier and more comfortable. We place the utmost emphasis on quality, design and innovation. This is confirmed by the numerous awards we have received both at home and abroad.

Berker is a leading supplier of high-quality electrical installations – from timelessly classic switch design through to intelligent building management systems. All new developments are created with just one thing in mind: the satisfaction of our customers. After all, we want you to feel at home with our products for decades to come.

Don't just let your life be guided by taste but also by state-of-the-art technology, with Berker - the right way.
