

Light control

Light control

Mechanical timer, 120 min Light control

Technical features

Identification

Application, usage Main design line

Architecture	
Technical version	2-pole off, 120 min
Functions	
Running time	120 mn
Configuration	
- 2-pole off	
Main electrical features	
Rated voltage	250 V AC
Electric current	
Switching current	16 AX
Materials	
Material	Plastic/metal
Dimensions	
Insertion depth	32,3 mm
Installation, mounting	
Installation mode	without spreader claws
Connection	
- with through terminal - with screw terminals	
Settings	
- reset with slip-clutch
