## product sheet 505103

505103

Architecture	
Type of control unit	Hote
Technical version	2 separate signal co
Configuration	
- NO, with 2 separate signalling contacts	
Main electrical features	
Nominal voltage	
Rated voltage	250
Electric current	
Momentary-contact current	
Materials	
Material	Plastic
Dimensions	
Depth	2
Insertion depth	31
Height	7
Width	7
Installation, mounting	
Installation mode	with spreader
Connection	
Connection terminals	according to IEC 60
Connection terminals	according to VDE (
- with plug-in terminals	
Equipment	
Quantity of NO contacts	
<ul> <li>for lighting and monitoring circuit</li> <li>can be illuminated using neon and glow lamp unit with N-terminal</li> </ul>	
Safety	
Protection index IP	
Identification	
Application, usage	Light c
Main design line	Light c

Push-button, NO contact for hotel card Light control
