

75941001

Sensor insert KNX

Technical features

Detection

- e.g. for temperature sensor PT100

Materials

Colour not applicable

Dimensions

Insertion depth 30,1 mm

Installation, mounting

Installation mode without spreader claws

Connection

- with plug-in terminals

Identification

Application, usage HVAC control, KNX - sensors

Main design line KNX

Secondary design line(s) House electronics, KNX
