

513102

Pilot lamp E14 Light control

Technical features

Architecture

Fixing mode	flush-mounting
-------------	----------------

Main electrical features

Rated voltage	250 V AC
---------------	----------

Materials

Material	Plastic/metal
----------	---------------

Lighting control

Long lamp base	max. 23,5 mm
----------------	--------------

Incandescent bulbs control

Incandescent lamp power	max. 3 W
-------------------------	----------

Connection

- with screw terminals

Identification

Application, usage	Light control
Main design line	Light control
