product sheet 20316084

Q.1/Q.3/Q.7/Q.9

Technical features

20316084

- with on/off switch and indicator LED for "on"	
Main electrical features	
Nominal voltage	24
Rated voltage	24 V AC/D
Frequency	50/60 H
Electric current	
Switching current "Heating" at cos φ = 0.6	4
Heating switching current	10
Measurement	
Range of temperatures	5 / 30
Materials	
Colour of design line	aluminiu
Colour	aluminiu
Material / workmanship	lacquer
Material	Plastic/met
Installation mode	without spreader clav
Connection	with separate connection for night lowerir
- with plug-in terminals	with separate connection for high lower
1 5	
Fauinment	
Equipment Niaht lowering	≈ 4
Night lowering	
Night lowering Switching temperature difference - setting knob with temperature range limitation	
Night lowering Switching temperature difference - setting knob with temperature range limitation - e.g. for valve drives closed in de-energised state	≈ 0,5
Night lowering Switching temperature difference - setting knob with temperature range limitation - e.g. for valve drives closed in de-energised state Use	≈ 0,5
Night lowering Switching temperature difference - setting knob with temperature range limitation - e.g. for valve drives closed in de-energised state Use Differentiation characteristic 1 - Sales	≈ 0,5 with rocker swite
Night lowering Switching temperature difference - setting knob with temperature range limitation - e.g. for valve drives closed in de-energised state Use Differentiation characteristic 1 - Sales Use conditions	≈ 0,5 with rocker swite
Night lowering Switching temperature difference - setting knob with temperature range limitation - e.g. for valve drives closed in de-energised state Use Differentiation characteristic 1 - Sales Use conditions Energy efficiency class	≈ 4 ≈ 0,5 with rocker swite

Temperature controller, NC contact, with centre plate, 24 V AC/DC with rocker switch, Berker

Identification

Application, usage	HVAC control
Main design line	Berker Q.1/Q.3/Q.7/Q.9
Secondary design line(s)	Berker Q.1, Berker Q.3, Berker Q.7, Berker Q.9
