## Central plate with installation opening Ø 22.5 mm Central plate system, polar white matt/velvety

### Technical features

#### Configuration

|                         |    |
|-------------------------|----|
| Antibacterial treatment | no |
|-------------------------|----|

#### Materials

|                       |               |
|-----------------------|---------------|
| Colour of design line | polar white   |
| Colour                | polarwhite    |
| Material              | Plastic/metal |
| Surface appearance    | matt/velvety  |

#### Dimensions

|               |       |
|---------------|-------|
| Screw spacing | 36 mm |
|---------------|-------|

#### Installation, mounting

|                             |                            |
|-----------------------------|----------------------------|
| Installation aperture       | according to IEC 60947-5-1 |
| Installation mode           | without spreader claws     |
| - with cut-out dia. 22.5 mm |                            |

#### Equipment

|                         |  |
|-------------------------|--|
| - with supporting plate |  |
|-------------------------|--|

#### Safety

|                 |      |
|-----------------|------|
| Impact strength | IK05 |
|-----------------|------|

#### Identification

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Application, usage       | Communication technology                                                             |
| Main design line         | Central plate system                                                                 |
| Secondary design line(s) | Communication technology, Berker S.1, Berker B.3, Berker B.7, Berker Q.1, Berker Q.3 |

#### Instructions

|                  |                                                                                                               |
