IP30

**IR configuration hand-held transmitter for presence detector black matt**

Technical features

### Controls and indicators

- 3 configuration ranges for control, switch-off delay, brightness threshold
- 15 push-buttons with integrated status-LED

### Battery

| | |
|---|---|
| Battery service life [years] | ≈ 2,5 |

### Detection

| | |
|---|---|
| IR | RC6 code |

### Materials

| | |
|---|---|
| Surface appearance | matt |

### Dimensions

| | |
|---|---|
| Length | 111 mm |
| Height | 110,1 mm |
| Width | 63 mm |

### LED control

| | |
|---|---|
| LED | additional acknowledgement LED for displaying the IR transmission |

### Settings

- setting of the brightness threshold manually, by default values or teach-in mode
- default settings can be selected for the brightness threshold daylight, office, corridor

### Equipment

- 2 configuration memories for identical configuration of several presence detectors

### Safety

| | |
|---|---|
| Protection index IP | IP30 |
| Halogen free | no |

### Identification

| | |
|---|---|
| Application, usage | Motion detector, KNX - sensors |
| Secondary design line(s) | Motion detector, House electronics, KNX |

### Instructions

- also for KNX applications - KNX IR presence detector
