75040001

IP20

Bus coupling unit flush-mounted KNX

Technical features

Architecture

Fixing mode	flush-mounting

Controls and indicators

- with programming button and red programming LED

Connectivity

Interface	as interface between KNX user module and bus line

Voltage

Operating voltage over bus	21…32 V DC

Electric current

Bus current consumption (data transfer)	≈ 10 mA

Power

Power consumption, KNX	≈ 100 mW

Materials

Material	Plastic/metal

Dimensions

Insertion depth	21,8 mm

Installation, mounting

Installation mode	without spreader claws

Connection

Number of contacts	2

- bus connection via connecting terminal

Settings

Supported configuration modes	system

Equipment

Product type:	product type: bus coupling unit

Safety

Protection index IP	IP20
Halogen free	no

Use conditions

Operating temperature	-5…45 °C

Identification

Application, usage	KNX - sensors, KNX - operating systems
Product family	product family: system components
Main design line	KNX
