#### KNX radio blind button quicklink anthracite, matt

**Technical features** 

### Functions

٧	Venetian blind movement time	
	ETS additional functions: +6 scenes, operating mode, status display, 2 x alarm Party function, no execution of automatic, radio and extension unit commands (lock-out protection)	on)

- Configurable transmission and/or reception behaviour
- Memory function for automatic execution of learned up and down times with position
- reset function (to factory setting)
- easy additional functions: +6 scenes, 1 up/down operating mode
- slat position storable for scene
- scene opening via KNX radio appliances
- quicklink functions: blind, 2 scenes, memory, forced control, up/down push-button

#### **Controls and indicators**

- activation of the party function using buttons in up and down direction > 20 sec.
- with configuration and function button

#### Connectivity

Radio protocol	KNX Radio
----------------	-----------

#### Power

Radio transmission power

#### Measurement

Relative humidity (without condensation) 0...65 % (without condensation)

#### Detection

- sun protection and twilight-controlled lowering with radio brightness sensor

RAL 7021 - Black grey
thermoplastic

#### LED control

LED with status LED for memory and party function, red/orange, with configuration and function LEDs, with indicator LED for lock-out protection, LED application module/insert compatibility display

### Connection

- integration in the KNX radio/TP gateway, surface-mounted, into the KNX TP system

# Settings

djustable) 50 ms2,5 s
