IP44

Built-in SCHUKO socket outlet with hinged cover 50 x 60 mm IP44 Screw terminals, Built-in socket outlets, blue

Technical features

Architecture

Design	according to DIN 49440
Fixing mode	Built-in installation
Technical version	connection, bottom

Main electrical features

Nominal voltage	250 V
Rated voltage	250 V AC
Frequency	50 Hz
Rated current	16 A

Cover, door

Cover	Central cover plate
-------	---------------------

Materials

Colour independent of design lines	blue
Colour	blue
Material	thermoplastic
Surface appearance	mat
<ul style="list-style-type: none"> - thermoplastic centre plate, glossy - duroplast base 	

Dimensions

Insertion depth	31 mm
-----------------	-------

Installation, mounting

Installation mode	for 4-hole screw fastening
-------------------	----------------------------

Connection

Connection terminals	according to VDE 0620-1:2021-02
Connection	connection from below
<ul style="list-style-type: none"> - with screw terminals - contacts made of copper alloy 	

Equipment

- with sealing	
----------------	--

Use

Differentiation characteristic 3 - Sales	Screw terminals
--	-----------------

Safety

IK protection code against mechanical impacts	05
<ul style="list-style-type: none"> - without enhanced contact protection 	

Identification

Main design line

Built-in socket outlets
