B.IQ push-button 4gang with thermostat Display, KNX - Berker B.IQ, Stainless steel, metal brushed

Technical features

Architecture

Technical version

Functions

With room temperature controller	yes
Operating mode	controller operating modes: comfort, standby, night and frost/heat protection mode

- for switch, push-button, dimmer, blind and thermostat functions
- with valve protection function
- button help function can be activated
- with room temperature timer and 2-week timer functions

Compatibility

- extension unit for light scene push-button

Controls and indicators

With LED indication	yes
Dimming	area dimming
Number of buttons	4
- text display (ASCII-format)	

- one push-button operation for switching, pushing, shutters and dimming
- blind operating concepts short-long-short and long-short parameterisable
- display of operating mode, controller lockout, room/outside temperature, time (clock required)
- LC display with symbols and illumination, switchable via object
- with 2 additional display buttons

Connectivity

- with button blocking function

Measurement

- value transmitter for dimming, position, brightness and temperature values 1 and 2 byte

Screen

With display	yes
--------------	-----

Materials

Colour of design line	Stainless steel
RAL colour	RAL 9022 - Pearl light grey
Material / workmanship	metal brushed
Material	stainless steel
Surface appearance	matt
Material family	Metal

Dimensions

Assembling height	16,7 mm
Height	149,2 mm
Width	88,5 mm

no

Display

no

with flash-controller technology

LED control

LED

with blue operation LED and 8 white status LEDs
(labelling field illumination)

Connection

- For flush-mounted bus coupling unit for B.IQ with thermostat

Settings

- single and two push-button operation parameterisable
- end customer display scope parameterisable
- presence button parameterisable to extend comfort
- programmable from ETS2, V1.2a

Accessories included

Inscribable, with labelling field

- for installation in single standard wall boxes
- for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.x
- for stainless steel frames in the same "style" for additional applications, see the Design line B.7

Equipment

Number of actuation points	10
Product type:	product type: B.IQ
 for heating and/or cooling mode with/without auxiliary step control parameter for heating / cooling unit pre-set for individual single room temperature control for continuous (PI) or switched (2-point) control of max. 2 control circuits 	

Use

Differentiation characteristic 2 - Sales

Software

Update

Safety

Halogen free

- with dismantling protection

alarm telegram after disconnection from bus coupling unit 1 bit, 1 or 2 byte

Use conditions

Operating temperature	-545 °C
Energy efficiency class	IV (2%)

- provision of the internal temperature value via communication object

temperature measurement via internal temperature sensor and/or external communication object (weighting ratio parameterisable)

Identification

-

Application, usage	KNX - operating systems	
Product family	product family: push-button	
Release issue	2.6	
Main design line	KNX - Berker B.IQ	
Secondary design line(s)	KNX, Berker B.IQ
