

#### 80960221

# **IP20**

# Cover for 1gang for push-button module with clear lens, KNX - Berker Q.1/Q.3, aluminium velvety, lacquered

Technical features

#### **Architecture**

Fixing mode flush-mounting

#### **Functions**

- operating concept "independent push-button" function predefined
- operating concept for "roller shutter/blind" function predefined
- switching of scenes (1..8) possible
- brightness value of the status LED for day/nighttime operation preset, change-over for day/nighttime operation possible
- integrated temperature sensor with output of the measured values
- Colour of status LED uniformly adjustable for complete device
- push-button functions: including switching, dimming, roller shutter/blind, timer, priority, operating mode changeover
- Function for manual interruption of automatic functions already triggered
- operating surfaces as buttons (single-surface operation) and rockers (two-surface operation)
- the brightness of status LEDs are individually adjustable for button/rocker function
- brightness value of the status LEDs for day/nighttime operation adjustable via object or manually
- value transmitter for dimming, position, brightness temperature values 1 and 2 byte
- integrated temperature sensor with output of the measured values via object
- parameter defineable lock function
- button/rocker functions for switching, dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostat extension unit, priority, scene, automatic control deactivation

#### **Controls and indicators**

- operating areas configurable as one or two-area operation
- with programming button and red programming LED

### Voltage

Operating voltage over bus 21...32 V DC

#### Power

Power consumption, KNX ≈ 108 mW

# Camera

- with clear lens for RGB status display of the push-button module

# Materials

Colour of design line	aluminium
RAL colour	RAL 9006 - White aluminium
Material / workmanship	lacquered
Material	thermoplastic
Surface appearance	velvety
Type of surface treatment	Painted

## **Dimensions**

Height 58 mm

#### Connection

- with integral bus coupling unit
- bus connection via connecting terminal

# Settings

Supported configuration modes

system, easy

# Equipment

- with integrated buzzer for acoustic identification of the device within the system

### Use

Differentiation characteristic 2 - Sales with clear lens

# Safety

Protection index IP IP20
Halogen free yes

- with dismantling protection

#### **Use conditions**

Operating temperature  $-5...45 \, ^{\circ}\text{C}$ Storage/transport temperature  $-20...70 \, ^{\circ}\text{C}$  (storage at > 45  $^{\circ}\text{C}$  reduces the service life)

- integrated temperature sensor with output of the measured values via object

# Identification

Application, usage	KNX - operating systems
Product family	product family: push-button
Main design line	KNX - Berker Q.1/Q.3
Secondary design line(s)	KNX, Berker Q.1, Berker Q.3, Berker Q.7, Berker Q.9
