

75441375

-\$

IP20

Technical features	
Architecture	
Fixing mode	flush-mou
Functions	
Operating mode	Operating modes: comfort, standby, night low frost/heat prot
 Binary input functions: switching, di Binary inputs can be blocked in ope 	mming, blind, value transmitter, light scene extension unit
Controls and indicators	
- with programming button and red p	rogramming LED
Connectivity	
 with 2 independent binary inputs for 	r potential-free contacts
Voltage	
Operating voltage over bus Electric current Bus current consumption (data transfe	
Operating voltage over bus Electric current	
Operating voltage over bus Electric current Bus current consumption (data transfe	
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement	er) 12
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity	er) 12,
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection	er) 12,
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w	er) 12, 0 /
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set	er) 12, 0 /
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w	er) 12, 0 /
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be set	er) 12. 0 / ith the set temperature it RAL 7021 - Black
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be se Materials RAL colour Material	er) 12, 0 / ith the set temperature it RAL 7021 - Black
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be se Materials RAL colour Material Surface appearance	er) 12. 0 / ith the set temperature et RAL 7021 - Black Plastic/
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be se Materials RAL colour Material	er) 12. 0 / ith the set temperature et RAL 7021 - Black Plastic/
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be se Materials RAL colour Material Surface appearance	er) 12. 0 / ith the set temperature et RAL 7021 - Black Plastic/
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be set Materials RAL colour Material Surface appearance Type of surface treatment	er) 12, 0 / ith the set temperature it RAL 7021 - Black Plastic/i Pa
Operating voltage over bus Electric current Bus current consumption (data transfe Measurement Relative humidity CO2 measuring range Detection - up tp 4 CO 2 limit values can be set - compares measured temperature w - up to 2 humid limit values can be se Materials RAL colour Material Surface appearance Type of surface treatment Dimensions	0 / ith the set temperature

Connection bar with screw terminals for binary inputsbus connection via connecting terminal

Binary cable length	5
Settings	
Supported configuration modes	syste
Equipment	
Product type:	product type: thermost
 heating or cooling possible in 2 stages for heating or cooling mode for single room control 	
Use	
Differentiation characteristic 3 - Sales	with integral bus coupling ur
Safety	
Halogen free	r
- with dismantling protection	
Use conditions	
Operating temperature	-545 °
Energy efficiency class	IV (29
	IV (29 eached in order to prevent the formation of mould e.g. on
