

75940485

Central plate for sensor insert Central plate system, anthracite, matt

Technical features

Detection

- e.g. for temperature sensor PT100

Materials

Colour of design line anthracite

Colour anthracite

Material thermoplastic

Installation, mounting

Installation mode clamp fastening

- with slots for air circulation

Identification

Application, usage KNX - sensors, HVAC control

Main design line Central plate system

Secondary design line(s) Central plate system, Berker S.1, Berker B.3, Berker B.7, Berker K.1

Instructions

Information text Not suitable for rocker push-button switches.
